# Others Challenges

We were unable to send students to local congregations every Sunday because they were closed

All of these ways have the purpose that the students have the opportunity of practice

## WHAT WE DID?

1. Students started to support by internet, some congregations
2. Students started preaching by internet and posting it on Facebook
3. Students started to worship at apartments yard
4. When church building was open again students started preaching to Sierra Ventana

# Others Challenges

Students were unable to get home studies for their Fisher of Man Classes

## WHAT WE DID?

1. Students were encouraged to get video home studies
2. They got some of them
3. Obviously, it was not the best way but atleast they were able to preach the góspel by this way

# Others Challenges

Students and their wives usually took some classes together, but because children are at home, it can't be done anymore

## WHAT WE DID?

1. Students wives are taking clases afternoon when their husband are at home, and they are able to take care of their children
