

Dear brethren in Christ:

We wholeheartedly hope that God's love will flood your lives, your families, and your congregations.

It is not a suggestion. Someone unimportant did not commission it. Not only a few were ordained to do it. The commandment that He did, are not words spoken to the wind. It is the great commission! It is the reason we were called out of darkness into his marvelous light! "Go to the whole world and make disciples, baptizing and teaching them" What does the one who gave this order expect of us? Will we get to heaven humble and joyful knowing that we did it with all love, dedication, and devotion? Today I want to assure all of you -who read these lines- Yes we are doing it! You are the pleasing offering to God, working together with us to carry out the great commission. You, for your part, go to great lengths to financially support this ministry. Yes, we know that it is a great effort. Thanks for that! We for our part have days of 12 or even 14 hours of intense work sharing Jesus to others. The great commission is not just bringing words to those in need. A gospel without works of love is an empty gospel. Jesus saw the lost with love, spoke to them, healed them, fed them and they saw the glory of Him! Today we are the eyes of Jesus, his hands, his feet and his work. This is precisely the church: the Body of Christ. Thanks again for carrying out the great commission with us! It is an honor to serve with all of you!

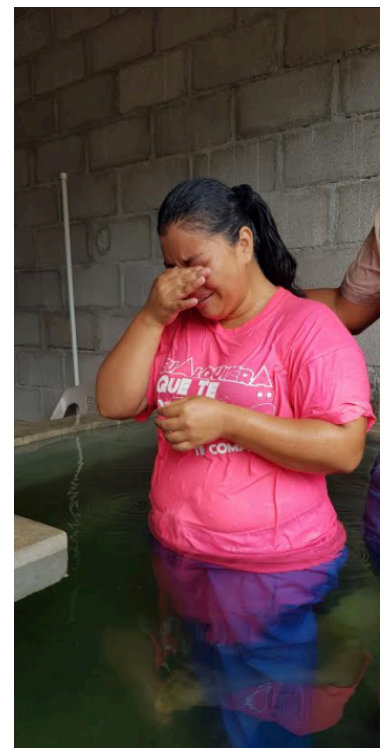

Of course, we are fulfilling humbly the great commission with, love and dedication! Starting with you beloved brothers and sisters, to whom we will be grateful for a lifetime! Thank you for your support!

Today I want to share with you the report of what God is doing again in 2021. Starting with the real situation in Latin America, derived from the devastation of covid 19:

In short, the country is devastated. Guatemala is the country in Central America with the highest percentage of deaths derived from covid 19. Hospitals are permanently collapsed. Unemployment is currently at 73%. The poor are much poorer now and the needs are more pressing than ever. Today more than ever we need to share in all possible ways the hope that only Jesus brings. And we are doing it thanks to you! The results of this pandemic are only compared with the situation derived from the Second World War. But in the midst of all this Jesus is at work!

The good news from this report is that we see that in the midst of pain, scarcity, and suffering, the gospel message comes to life and brings hope and transformation. This report is proof of this:

1. **Baptisms:** January 117 baptisms. February 193. 310 baptisms in all churches where we minister the word of God. Glory to God!

2. **Feeding those who have no food:** "one morning I woke up very early. I looked in the kitchen. I looked at the table. We didn't even have bread, a tortilla, or an egg. Cry alone in the silence of our little wooden house. The children were asleep. If I could have fed them my own body I would have. But the miracle happened. Two minutes after I prayed and screamed in tears, a Christian knocked on the door with a bag of food. I hugged him and never stopped saying, "thank you God!" *Testimony of Maria Zoc* the younger lady in the picture. She is the mother of the 5 children in the front.

Since we met Maria we have assisted her with food every two weeks, until, in the second week of March, when Maria found a job cleaning a small restaurant.

Thanks to the support of all of you, we have fed 112 families in January. In February we fed 173 families. The need continues. People continue to go out into the streets looking for food for their children. Pray especially for those people please.

3. Education for the poorest children -Kyrios (Lord) Ministry-

This 2021 was a great challenge for our ministry, since a large percentage of parents cannot contribute even \$ 1 to support the school budget. The only possible solution was to propose to the teachers to cut their salary by 30% and thus save many children who without education could go to the streets and be found by the crime industry. Each and every one of the teachers accepted. So the school absorbed the maximum number of children that the government allows us: 838 children are receiving education. In this way in the name of Jesus we give them the fishing rod, not the fish. Thanks again for being a part of this wonderful effort!

4. Training young Christians to reproduce the message –BICA School for evangelists-

The only way to reach the multitudes is by reproducing evangelists. Thank God each year we send at least 20 new evangelists to the labor field. This year has not been the exception as 24 young people entered their first year of training at BICA. They are from Guatemala, Mexico, Honduras, El Salvador and Nicaragua. As you know they go back to their own culture and are self-sustaining. They are well equipped and are transforming the world with the message of Jesus!

Dear brothers and sisters, Jesus has already done it all, Jesus is the only one honored in this ministry of the gospel. However, we are grateful to God that you have accepted the challenge of serving alongside us. Our goal is simple: love people and share Jesus. Our ministry is comprehensive, that is, we want it to be as complete as possible: save them all. We don't want to send people with a full stomach to hell; or well-educated children and to hell anyway. We thank God that He allows us to guide as many as we can to his own salvation! Compared to other good ministries, ours uses resources 100% directly to people and we are 100% evangelistic reproducing more and more evangelists.

Thank you for being part of us and thus together glorifies God. Thank you for your wonderful support, it is always a blessing. Thank you for be our friends!
