Subject: December Church Outreach Report

To: Hwy 36, Lake Brownwood, Daugherty Street, Buffalo Gap and Gorman Churches of Christ.

Dear brothers and sisters in Christ,

Greetings to you in the name of our Lord and Saviour Jesus Christ.

COMPLIMENTS OF THE SEASON. HAPPY NEW YEAR TO YOU 2022.

We are in the rain season and the temperature goes down at this time. Which is not good for the COVID 19 pandemic. We just look up to our heavenly Father to continue intervening. We just do what we can for our health protection. But God knows all the details of our safety.

TWO SOULS BROUGHT TO THE LORD AND TWO PEOPLE REDEDICATED THEIR LIVES TO THE LORD AT KASAKA CHURCH.

On 26th December 2021, I preached at Kasaka church of Christ and two people a man and a lady came forward and requested to be baptized and were baptized. While one man and woman were restored and prayed for.

RIVER VIEW CHURCH OF CHRIST

On 02nd January 2022, the new church building was first used for worship service. This gathering in the new building was just meant for a few people approximately 12 to 15 people and was meant for special prayers for God's work in the new area and also for new year refocusing on God's mission work. But people heard about this official gathering in the newly built building and they came in big numbers. The attendance went up to 44 people in the new building. I am anticipating for more than 80 people in attendance this month. The building is almost done, only painting is remaining. The only challenge is on benches for sitting. Currently people sit on the cement block of the rubble. The baptistery is built and covered for security of the children because it is built outside.

I greatly appreciate you for your partnership in God's mission work. Without your support, I could not have done what am doing for the Lord in Zambia-Africa.

See the pictures, On the left it's me and my wife Marg. Later on the left is our last born Iona.

Patson & Marg Syula

Below are the pictures of the church building being constructed. The rubble pieces of brick were collected from the ruins of old Namwianga Mission. They will be used for sitting on in the church after putting them well on bricks while we look for ways on how we will raise funds to purchase the benches. This week, we will start roofing the building.

Pictures of the new church River View Church of Christ being roofed and a Baptistry done.

On the left is Patson and Marg's daughter, Iona named after Iona Southall from Hwy. 36 church.
