KALOMO MEN MONTHLY FELLOWSHIP FOR CHURCH OF CHRIST

In Kalomo town we have mens monthly fellowship meetings. There are 13 congregations of Church of Christ around our small town in Kalomo from which men come from and have lessons together. I always teach a lesson during every monthly Men fellowship. This come together men fellowship has helped many local church leaders to lead their local congregations where they come from well. The venue for this Fellowship is rotational every month.

FOUR SOULS BROUGHT TO THE LORD AT GAME PARK AREA

Brother Markshwell, a brother I work with at Game Park area reported the baptism of three ladies and one man at Kalundu Katumba Church. This church began in July 2022 and now it has 55 people who attend church worship services including children. The area is far from town, it is 90 km away and now the roads have become impassable because of the rain. The area is a farming area. This area needs more evangelism with the gospel of our Lord Jesus Christ.

ONE WOMAN REDEDICATED HER LIVE TO CHRIST - MACHA CHURCH OF CHRIST

Troddy my son reported to me that on 13/11/22 after preaching at a church he planted one woman walked to the front and asked for prayers to be restored back to the Lord and she was prayed for.

Thank you for your prayers and partnership in God's mission work.

There are 55 members now.

LEADERSHIP LESSONS AT RIVER VIEW CHURCH OF CHRIST

I am having some series of church leadership lessons at River view church. This church is growing well but leaders lack a lot of proper visionary leadership qualities. They need some lessons on how to show proper guidance and direction for the members they lead.

Thank you and may the goodness of God continue to be up on you.
